

Sprint 1 Report

Santa Cruz Housing Crisis, January 27 2016

- Actions to stop doing:

We need to stop being disorganized and let one person talk at a time during meeting.
Stop using Facebook Messenger as our communication tool.

- Actions to start doing:

Start meeting regularly and more often so we can start completing more tasks and getting work done. Start using Slack as our main form of communication to better organize our tasks. Start a physical scrum board when we get space in a study room.

- Actions to keep doing:

Keep updating the Scrum board on Trello, committing and pushing on Git, frequently updating our source file, and manage our Scrum board.

- Work not completed:

- (2) As developers, we want to create a database that takes in Excel files of data, and indexes the data in a sensible way, so that the user may view the desired data.
 - Task 1: Clean Data
 - Task 2: Create Relational Schema

Total for user story 1: 10 hours

- (1) As a user, I would like access to a website that displays the data from local surveys, so that I can educate myself about housing in Santa Cruz.
 - Task 1: Rails Server
 - Task 2: Routes

Total for user story 2: 2 hours

- Work completion rate:

Total number of user stories completed: 0

Total number of estimated ideal work hours completed: 20

Total number of days during sprint: 17

user stories/day:0
