Sprint 3 Report

Santa Cruz Housing Crisis, March 4 2016

• Actions to stop doing:

Making plans to meet at a certain time and being late because it is unfair for those who come on time. Getting side tracked and talking about work for other classes because it is irrelevant and progress is stalled.

• Actions to start doing:

Keep each other updated on work done by themselves so everyone is on track and up to date.

• Actions to keep doing:
Talk on slack and push frequently to save progress and so others can work on top of current work.

• Work not completed:

• Work Completed:

- *(story points)* As developers, we want to refine the ways in which the user interacts with the data in visceral and practical ways so that they may look at different graphs viewing different data.
  - Task 1: Bubbles-Graph in D3
  - Task 2: Add bookmarks/favorites to addresses linked to authenticator
- *(story points)* As a user, I want to see the requested data set in a visually engaging way, so that I may better understand the Santa Cruz housing crisis.
  - Task 1: Create visually appealing UI
  - Task 2: Fill in trivial data (about us/contact page)
  - Task 3: Add authentication

        ○ Task 4: Allow search option in order to visualize data on the map

• Work completion rate:

Total number of user stories completed: 2

Total number of estimated ideal work hours completed: 36

Total number of days during sprint: 19

user stories/day: .11
